

# PUMPKIN MOON HERB FARM

Somerset, NS (902)542-0831 info@pumpkinmoonherbals.com  
All our herbs are certified organic & our oils are all individually handcrafted on our farm.

## Oils and Ointments - Information Sheet

Our high-quality herbal oils are second to none, & the tremendous success of our customers over the years with this line of products testifies to that. While many herbal oils are made cheaply & quickly, we make all of our base oils using freshly-picked herbs that we put through a process known as digestion – slow heat at 100°F for 14 days in an open cooker. The difference in the strength & potency of our final oils is obvious in their final colour & smell - there is simply no comparison! We use these rich, medicinally-active oils in all of the following products, which have been researched & formulated for their superior properties & therapeutic healing actions on the skin.

**Arnica Oil:** Well-known remedy for sprains bruising, tissue trauma, pulled muscles and ligaments, inflammation, arthritic joints, swelling, and damage to most soft tissue. There are many common homeopathic arnica preparations on the market, but our fresh oil is purer and effective.

**Baby Bum Balm:** Gentle & thorough for baby's sensitive skin, this beautiful soft unscented salve can be used for diaper rash, dry skin, cradle cap, heat rash, chafing, sores, scrapes, insect bites, chapped lips, burns, and more. A truly wonderful remedy, and safe for all the pesky things that can happen to the skin of newborns and infants!

**Breast Health Oil:** We hope this rich, nourishing, & carefully-developed oil will inspire you to take regular time for your own breast care. These particular herbs and essential oils help improve lymphatic circulation, rebuild & nourish breast tissue, ease breast tenderness, reduce cysts, soften normal lumpiness, and protect against breast disease.

**Burn Ointment:** This soft ointment was created specifically for burns, sunburns, & scalds. These herbs & oils are renowned for their skin-healing and burn-relieving qualities. Keep a jar handy in the kitchen and beach bag...

**Calendula Oil:** Anti-septic and anti-inflammatory. Softens scar tissue, useful in first aid, safe for children and pets. Nourishing to the skin and a regenerating natural lotion.

**Children's Boo Boo Balm:** Gentle yet thorough herbs that are specific for children. Use for dry skin, heat rash, chafing, sores, knee scrapes, insect bites, chicken pox, chapped lips, minor burns, blisters, bruises, & any other ow-ie! Unscented, totally safe, pure and natural. No stinging. (And children just love having their own ointment jar - no struggling to put this on!)

**Cold Sore Remedy:** Using our strongest medicinal herbal oils & a broad spectrum of specific anti-viral essential oils (including melissa), we have created an effective and powerful ointment just for people struggling with cold sores and herpes virus. Highly recommended by many of our customers.

**Comfrey Oil:** Provides deep & regenerative healing and repair for deep or open wounds/sores, muscles aches and cramps, tendon injury, weeping sores, eczema, psoriasis, boils, & any other difficult skin or tissue condition. Common name 'knightbone' refers to its strength in repairing weak and broken bones, & is *the* natural remedy for bone fractures.

**Critter Balm:** Healing relief for our animal friends. Use for cuts, wounds, infected sores, insect and flea bites, skin rashes, sore paws, and any other skin problem. Pure herbs and no scents, so it is safe if licked & non-offensive to highly sensitive noses.

**Ear Care Oil:** A safe and effective herbal ear oil for ear pain, infection, soreness, and prevention. Safe for children and pets. Dropper cap.

**Essential Oils:** We offer a small selection of pure essential oils in a convenient 5ml size: tea tree, peppermint, eucalyptus, and lavender.

**Gardener Hand Salve:** A trust-worthy garden companion. Heals cuts and scratches, softens the roughest of skin, eases scrapes and cracking, rehydrates the skin, soothes chapped lips, cools sun over-exposure, and reduces skin roughness. Makes your skin feel better - so you can enjoy the garden!

**Great Outdoors Ointment:** A salve for all you golfers, hikers, swimmers, farmers, lawn-mowers, cyclists, athletes, campers, carpenters, sun-worshippers, and boaters. Go ahead and live it up! Just be sure to take this first-aid jar along, for all the fly bites, stings, bruises, scrapes, blisters, scratches, rashes, callouses, and bumps you'll get along the way.

**Herbal Healing Salve:** Allow me to present our #1 herbal item over the past 16 years. Our herbal healing salve is simply unbeatable for a variety of stubborn skin conditions & basic first-aid, including eczema, psoriasis, dry & inflamed skin conditions, sensitive skin, stubborn rashes, & other skin eruptions. Will help quickly heal up anything you put this on. Use around the house for day-to-day skin care. Unscented. Safe for people with allergies to commercial skin products. A truly wonderful all-round remedy.

**Herbal Healing Salve Tubes:** We also offer our herbal healing salve in a small 4.2g portable chapstick tube, which is a wonderful lip balm for very chapped lips, and also a convenient way to keep a small tube of salve in your bag, car, desk, first-aid kit, etc. Choose unscented, peppermint, or lavender (both with pure essential oils).

**Lavender Herb Oil:** Not all lavender oils are created the same! This superior oil is made of fresh lavender blossoms, and once the herbal oil is complete, we then add generous quantities of pure lavender essential oil. For the bath, massage, skin healing, and perfumery, this is the most glorious lavender oil you will ever have the joy of using.

**St. Johnswort Oil:** Astringent, soothing, anti-inflammatory, pain-relieving, and healing. Specific for nerve trauma, pain, shingles, arthritis, and burns. Our glorious bright-red oil is of the finest quality available.

**Warm Rubbing Ointment:** A very wonderfully warming and penetrating balm for relieving achy muscles, sore joints, arthritic stiffness, sore backs, deep coughs, and chest/sinus congestion. Rub into the affected area, and apply some heat. Pure essential oils & herbs warm the area, break up congestion, promote circulation, and clear blockages. A favourite remedy. Ahhh...!
